MEDICATED SHAMPOO

Active Constituents:
30 g/L Chlorhexidine gluconate

SIGNAL HEADINGS:

CAUTION

KEEP OUT OF REACH OF CHILDREN

READ SAFETY DIRECTIONS BEFORE OPENING OR USING
FOR ANIMAL TREATMENT ONLY

PRODUCT NAME:

Dermcare Pyohex[®] Medicated Shampoo

CLAIMS:

Topical Antibacterial Shampoo

An aid in the treatment of superficial dermatitis associated with infections by *Staphylococcus intermedius* in dogs.

Dermcare Pyohex[®] Medicated Shampoo is formulated to remove dirt and scale, degrease the skin and kill cutaneous micro-organisms which primarily or secondarily cause dermatitis.

DIRECTIONS FOR USE:

Precaution:

1. Use with caution around eyes. If foam enters eye, flush thoroughly with clean water. Seek veterinary advice if eye changes are observed.
2. Animals should not be left unattended during the standing process as licking or inhaling foam may result in irritation of the gastrointestinal or respiratory tracts.
3. Antibiotic therapy is recommended for the initial control of infection or where deep pyodermas exist.

Dosage and Administration:

Wet the animal thoroughly with clean water. Apply Dermcare Pyohex[®] Medicated Shampoo to the animal at several points and massage into the coat. A sponge assists lathering and penetration of shampoo into the coat. Leave on the coat for 10 minutes then rinse off with clean water. Repeat twice weekly until symptoms abate, then weekly or as directed by your veterinary surgeon. Use approximately 1mL of shampoo for every kilogram weight of dog. For example, 10mL of shampoo should be enough to treat a 10kg dog. Dermcare Pyohex[®] Medicated Shampoo can be used on haired or non-haired skin.

SAFETY DIRECTIONS:

Will irritate the eyes and skin. Avoid contact with eyes and skin. When using the product wear rubber gloves. If product in eyes, wash it out immediately with water. Wash hands after use.

FIRST AID:

NOTE: These are the **Australian** label particulars only. If you're in another country, you should check your product label in case of differences in the local labelling requirements.

If poisoning occurs, contact a doctor or Poisons Information Centre. *Phone Australia 131126*. If swallowed, do NOT induce vomiting. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

DISPOSAL:

Dispose of empty container by wrapping in paper and putting in garbage.

STORAGE:

Store below 30°C (Room Temperature. Do not freeze).
